

Agrilite™ Corrugated PVC Liner Panels

5 YEAR LIMITED WARRANTY

The panels covered by this Warranty are manufactured using polyvinyl chloride (PVC). The panels are warranted for 5 years to:

1. Maintain a good surface condition.
2. Not rot, corrode, develop structural cracks or require painting or refinishing (normal pigmentation change excepted) when kept reasonably clean through semi-annual washing to remove accumulated dirt.

The Warranty is for 5 years and upon verification of failure, provides for a reimbursement to the original purchaser for the cost of the panels. The owner is responsible for the cost of fabrication, labor, and installation of replacement panels.

A pro rata depreciation charge (based on 5 years—each year is -20%) will be applied to the original purchase price of the panels.

The Warranty applies only to panels stored, installed and end used in accordance with manufacturer's recommendations and with recognized standards of construction. It does not apply to any failure or damage due to fire, lightening, hail, wind, unusual stresses or load weights or other conditions beyond the control of

Duralight Plastics will act to fulfill this Warranty within 60 days after receiving a claim with all information necessary to determine its validity.

This Limited Warranty is the sole warranty provided with Duralight Plastics for Agrilite Corrugated PVC Liner Panels. Duralight Plastics options as stated above are the sole, exclusive remedy available to the purchaser. Duralight Plastics shall not be liable for any incidental or consequential damages, including any damage to persons or property whatsoever, nor for breach of any express or implied warranty, nor for any implied warranty of merchantability or fitness for a particular purpose.
